Beschrijving

Spectacular duplex located in a quiet area in the high part of Jesus. Construction of the year 2015 with excellent qualities.

The house has a unique and modern design. Distributed on 2 floors, plus private solarium with chill out and wonderful views of the sea and mountains, being one of its great attractions. Very spacious and bright, where you can enjoy a harmonious and relaxed day to day, because it has all kinds of amenities.

The urbanization has a communal pool, garden areas, surveillance and private parking. Located a few minutes from the town center, a few kilometers from Ibiza town and the beach.

Experience the lifestyle of Ibiza from within, in one of the most select areas of the island.
